### **Digging Deeper: Group Questions & Personal Reflection**

1. Is there a family on television that accurately depicts yours – either your current situation or during your childhood.
2. Have a conversation about the different makeups of families we have in our church community. Celebrate and openly talk about the diversity in our families so we can move away from a narrow understanding of what a family is.
3. Share honestly your failures and successes as you have attempted to disciple your children. Swap wisdom and encourage each other to keep leading the next generation.
4. Can you share with your community group any 'family unforgiveness' that you have carried for too long? With the help of the Holy Spirit, you can decide to forgive and let go. Please pray for each other in this regard.
5. Pray for families at community church. Pray that we will be able to help bring health to families where it is needed.
