Digging Deeper: Group Questions & Personal Reflection

1. Discuss the redemptive gifts you believe are found in the greater Mount Pleasant area based on what Wally shared during the message this past Sunday.
2. Is your group one of solidarity and shared mission? If so, how would you define your willingness to go and live out the Gospel in your town?
3. Review your group's missional focus? How has your group been doing at making an impact through your missional focus? If you do not have a missional focus as a group, discuss what it could be.
4. Talk about the different ways you are able to be a witness for the kingdom of God at your work place or as you frequent the local establishments in Central Michigan. How can you be good news in your neighborhoods?
5. How many significant relationships do you have with non-believers in your community? Talk about the progress you are making at conveying the gospel with one of them. If you have none, then as a group, make a plan for you to begin an intentional relationship with someone outside the church.
