Digging Deeper: Group Questions & Personal Reflection

1. Read John 4:4-19. Summarize this passage. What is significant about the fact the woman was a Samaritan? How would have people reacted if they saw Jesus speaking with this woman? What does this signify as it relates to the idea that 'everyone's welcome' in a Jesus culture?
2. Have you been guilty of discriminating against someone because of sin in their life? Be honest. Looking at the life of Christ, is there a time when He discriminates against an individual because of their sin?
3. How do you react to discrimination? Share about a time when you were discriminated against. It may have been over the normal issues of age, race, beliefs, or it may have been over your lifestyle or friendships. As Christians, how should we fight against prejudice?
4. Of the people you would potentially invite to join us for worship or to attend your group, who presents the biggest problem for you due to some issue that could be a hidden prejudice? How can you overcome it?
5. Set a goal as a community group to invite people to worship or into your group. Then hold each other accountable as you extend the invitations.
