Digging Deeper: Group Questions & Personal Reflection

1. Why did Jesus expose so much of the Samaritan woman's past in front of her? What was he up to and does he do this in our own lives? What is the result for us?
2. Have you ever been around a church experience where there was no freedom to have imperfections or real problems in your life? Why has the church or individuals adopted such a culture at times and what does this do to people?
3. Read James 5:16. Break out into guys and girls and practice what this scripture says. If this is a new experience for you, how did it feel? Why do you think God's Word commands this?
4. As we prepare to launch a third service on October 8th, please discuss in your community group how you can practically support this initiative. The three greatest areas of need are children, hospitality (coffee / security / greeters / ushers / parking), and worship arts / tech. Visit ACCESS for more information!
