### **Digging Deeper: Group Questions & Personal Reflection**

1. Follow up on last week's prayer topic. How have the situations you discussed last week been affected by your prayers over the past seven days? Any changes in circumstances or in your perspective? Share stories of what God is doing as you seek Him.
2. Read or review the account of Daniel in Daniel 6. What kind of priority did Daniel place on prayer? How did this impact his work prior to the King's law? How did being a person of prayer contribute to the outcome of the Lion's Den?
3. Examine your character. Would you consider yourself a person of prayer? What does being a person of prayer mean? Where are you strong in this area? Where do you struggle? Discuss your daily discipline of prayer. What does it look like? Can you make positive changes for a better prayer life? How can you encourage each other in this area?
4. Are you willing to take a thirty day challenge? If so, select an issue in your life and commit to pray three times each day for the thirty days. If you started the challenge last week, check in with each other.

**Respond:** Spend time as a group in prayer.
