Digging Deeper: Group Questions & Personal Reflection

1. Of all the things God could ask of us, He calls His followers to sing. Why does He ask such a specific and peculiar thing of you and the Church? Discuss the reasons we sing together each week in church and how this rhythm is important.
2. In worship we see how big God is and how small we are. Take time to describe God's bigness and our smallness. How does this shape your perspective?
3. What occasion(s) in your life do you feel the tendency to make yourself BIG? What does that look like? How does this impact your dependence on God?
4. As a Community Group – play a worship song (find a CD, turn on spotify... something!) and spend time in worship together.
