**Digging Deeper: Group Questions & Personal Reflection**

1. We talked about marriage being a covenant and not a contract. Can you recall the difference?
2. So often we allow a “hint of sexual immorality” (Eph 5:3) into our lives. We try to think of it as a minor thing, a small blemish, but in truth, it’s poison. How can we change our thinking to see these “hints” as more dangerously potent than we actually do?
3. Try and recall the main message that was addressed to the men and to the women. How does this affect you?
4. You reap what you sow and you reap where you sow. What does this mean for the marriages in this Community Group?
5. Would you be brave enough to ask each couple in your community about the health of their marriage? Are there any marriages that need help right now? Please pray over each other.
