Digging Deeper: Group Questions & Personal Reflection

1. There has to be a distinction between followers of Christ and those who don't follow Him. Do you generally see a unique distinction in Christians today? Why or why not?
2. Read 1 Peter chapter 1 out loud. The central idea of this series speaks to the normal 'mode of operation' of a Christ follower. Can you describe what that culture / way should look like in our lives?
3. What does 'I'm not my Own' mean to you and how can we live that out?
4. In what parts of your life do you veer toward being your own boss and usurping God's leadership? Can you discern when you do that and don't even think about it?
5. If we really are just "strangers in this world" who are just visiting, what practice in your daily life indicates otherwise? What are you doing / saying / investing / thinking / responding that exposes your tendency to forget about eternity and be more consumed with this temporary place?
