2. When was the last time someone else's courage helped you with yours? How were they being courageous? What impact did this have on you?
3. How does the courage shown by Christ throughout His life impact yours? Do you feel the push to be more brave as a result?
4. Make a list of the areas in which you know you require more training. Share this with your group and discuss where and when you plan to take a next step in this area. This is an exercise in humility.
