Digging Deeper: Group Questions & Personal Reflection

1. Read Psalm 138. What sticks out to you from these verses? What do you recall from the message last Sunday?
2. What does it mean to live in the midst of praise? What does this look like daily?
3. Discuss in your group the concept that "Praise is your Password".
4. What is the role of angels in the function of praise? How does that address our life of praise?
5. Talk about your journey of learning what it really means to praise God. Challenge one another to a more habitual life of praise and check in each week in your group to see how you're doing.
